NOTICE To Tax-payers! THE TAX-PAYERS of Abbeville County are hereby notified, that on and after the 1st day of July, 1871, the Auditor's office, Abbeville County, will be open at the "Court House" for the purpose of receiving Returns of Personal Property, &c., for the year 1871, and remain open until the 30th day of August, 1871. The following programme will be read attentively, and a strict adherence to instructions given therein will be necessary. The four centre Townships, Abbeville, Long Cane, Cedar Springs and Smithville, will be assessed at the Court House between the first day of July, 1871, and 20th August, 1871. Assessors will be stationed at the most public place of resort in Ninety Six, Donaldsonville, Diamond Hill and Indian Hill, from the 10th to the 15th July inclusive. The same Assessors will also be stationed at Greenwood, Dine West, Lowndesville and Bordeaux, from the 17th to 22nd July inclusive, and again at White Hall, Cokesbury, Magnolia and Calhoun's Mills, from 24th to 29th July inclusive. There will be competent Assessors at the time and place appointed, who will furnish all necessary information, &c., &c. hereafter no abatements will be granted except in cases where clerical errors occur. It is also the duty of every tax-payer to see that those who appear dilatory in making their returns are urged to do so, and if not report them to the County Auditor who will immediately execute the law, which provides that where a Taxpayer fails to make his return to the County Auditor, (or his deputy) within the time prescribed by law, the last return made by said Taxpayer will be copied from the Auditor's books and 50 per cent. added thereto, and in cases where Tax-payers escaped paying their taxes for any one year the penalty quoted in Sec. 47th special Session 1868, will be strictly adhered to, which provides for the same penalty as in the above case. I would also suggest, that parties making returns would contrive to attend the Assessors on different dates, as confusion occasioned by a large number of Tax-payers at the close of the Assessors' given time, may occasion many disagreeable errors and give to the Tax-payers and Assessors a great deal of unnecessary trouble. There will be competent Assessors at the time and place appointed, who will furnish all necessary information, &c., &c.
